Interest Rates Change On Commodity Loans And Storage Structure And Drying Equipment Loans

On April 1, the yearly rate on outstanding 1974-76 crop commodity loans was reduced from 7¼ percent to 6 percent. Loans for all 1977 crop commodities will be subject to a 6 percent interest rate for the regular loan period.

The interest rate on outstanding storage facility and drying equipment loans which were subject to variable interest rates, also were reduced April 1 from 7¼ percent to 7 percent. Loans made on or after April 1 will bear interest at the 7 percent rate for the period they are outstanding.

This announcement changes the policy of adjusting interest rates every 6 months on outstanding loans, but it continues the policy of setting rates at a level sufficient to recover the Commodity Credit Corporation's cost of borrowing money from the U.S. Treasury.

In addition to the lower interest rates, the Storage Structure and Drying Facility Loan Program is increasing the maximum amount to be loaned, broaden items which may be included for a loan, and decreases the down payment required.

The maximum loan amount is being increased from $25,000 to $50,000. New provisions for loans also include provisions to add concrete and wiring cost for structures and drying equipment, and only a 15 percent down payment instead of the previous 30 percent.

In determining the amount of the loan, storage needs will be based on two years' farm production instead of one year's production as was required before these changes.

These changes and the lowered interest rate of 7 percent will remain constant for the term of the loan.

The Storage Structure and Drying Facility and Commodity Loans program are administere by ASCS. If you would like other details concerning these programs, we would be glad to assist you.

Mrs. Bolling Carter, winner of Grocery Shopping Spree sponsored by Appomattox Junior Woman's Club, left above, is shown in photo above with Mrs. John Booker, President of A.J.W.C., and Gerald Wilbun, owner of Wilbun's Supermarket.

A Successful Three Minutes Of Shopping

Have you ever wondered what you would pick up in a grocery store if you had only a certain number of minutes to grab any and all of what you wanted? This actually happend to Mrs. Bolling Carter of Appomattox last Thursday night, the lucky winenr of a three-minute grocery shopping spree held at Wilbun's Supermarket and sponsored by the Appomattox Junior Woman's Club.

With her strategy and speed, Mrs. Carter went home with two baskets full in the amount of $151.88 worth of groceries. Although very nervous and exhausted, she told onlookers that it was quite a fun-filled experience. The proceeds from this successful project will fund a scholarship for a high school senior, to be awarded this June by the Appomattox Junior Woman's Club.

The Congressman, in filing his quarterly campaign financing report with the Clerk of the House of Representatives, specified that the $2,810.28 surplus from the 1976 campaign would be retained in the account, of which G. A.Shelton, Jr., Midlothian, Virginia, is treasurer. Daniel said this action was taken rather than to terminate the committee so as to provide for an orderly handling of remaining funds, under procedures set forth in the Federal Elections Act.

The Congressman also announced that, as a result of recent changes in House rules, no further contributions may be accepted by the Daniel Congressional Account, which was established to finance his weekly newsletter and radio broadcasts. The rules change requires that such items henceforth be financed with Federal funds, and the Daniel Congressional Account will be terminated at the end of the year. Funds remaining in the account, now totaling $272.48, will be dispersed for the newsletter and radio programs in the meantime, as provided by the House Administration Committee.
